

Chef's Breakfast Cart

Applicable Age Group 4-5 year-old toddlers

Activity Objectives

- ☑ Understand the functions and structural characteristics of a breakfast cart.
- ☑ Be able to creatively design a structure that matches the needs of a breakfast cart.

Activity Description

A nutritious breakfast is a source of energy for a person's whole day, so eating breakfast is very important. Design a breakfast cart together with children—one that is flexible in movement, compact in structure, and easy to move. During this process, children's ability to solve problems in a targeted manner will be trained.

STEAM Literacy Development Indicators

Method Indicator	Situation-based introduction: Understand the characteristics of a breakfast cart	Creatively build a breakfast cart	Test the smoothness of the cart's movement	Add functions to the breakfast cart
Curiosity and Imagination	●			
Flexibility and Adaptability		●		
Verbal and Written Communication Skills				
Cross-boundary Cooperation and Exemplary Leadership				●
Critical Thinking and Problem-solving Skills			●	
Proactive and Pioneering Spirit				
Ability to Evaluate and Analyze Information				

Interactive Tips

- The cart body needs to move, so a wheel structure is required. Blocks with wheels can be connected directly.
- Breakfast carts are usually parked temporarily by the roadside, so try to use lightweight structures. The cart body should not be too heavy, as this will make it inconvenient to move.

 Find These Blocks

 Design and Build a Breakfast Cart
