

Pokémon

Applicable Age Group 4-5 year-old toddlers

- Activity Objectives**
- ☑ Through detailed observation and comparison, be able to use appropriate blocks for imitative building.
 - ☑ Stimulate imagination and creativity to design game levels.

Activity Description Pokémon are popular comic and game characters among children. They are brave, naughty and capable, and very popular with kids. Children will observe the detailed parts of Pokémon's shapes and build imitative models with their hands. Based on the Pokémon stories or games they know, they will design game levels or the complete process of passing the game.

STEAM Literacy Development Indicators

Method Indicator	Situation-based introduction: Understand Pokémon	Imitate and build a Pokémon character	Test the stability of the Pokémon model	Use imagination to design a game
Curiosity and Imagination	●			
Flexibility and Adaptability		●		
Verbal and Written Communication Skills				
Cross-boundary Cooperation and Exemplary Leadership				●
Critical Thinking and Problem-solving Skills			●	
Proactive and Pioneering Spirit				
Ability to Evaluate and Analyze Information				

Interactive Tips

- When guiding construction, first ensure the integrity of the structure, including Pokémon's ears, arms, body and other parts.
- Observe details in place to ensure the accuracy of block selection and the similarity of the imitation.

 Find These Blocks
